

## Attachment 4 (providing designated inaccessible land building line)

### Affidavit for application for passage on national land (format draft)

I, for using the [inaccessible](#) land of land Number ○○ in ○○Subsection ○○ Section of ○○ Village (Town, City, District), ○○ County (City) (referred to as '[inaccessible](#) land' hereinafter), am hereby applying for the passage right on the Administration's managed national land of land Number ○○ in ○○Subsection ○○ Section of ○○ Village (Town, City, District), ○○ County (City) (referred to as 'national land' hereinafter) with an area of ○○ square meters (area as in attached map), and signing the affidavit for the agreement to abide by the following:

1. National land is for passage only. **When I apply for a building permit on inaccessible land, the national land is prohibited from building any construction and never included in the building lot.**
2. I will be solely responsible for the damages incurred onto others or the branch office of the Administration for passage or constructing a related facility for passage.
3. If the passage is occupied or obstructed and within the area of conserved land for aborigines to apply for addition (zoning), I must acquire the occupant's written consent. If the obstruction occurs on other lands, I will remove the obstruction myself.
4. If I need to construct a related facility for passage, I will acquire the consent of the supervisory agency and the Administration's branch office. The cost of constructing a related facility, safety during construction, and maintenance and management will be borne by myself.
5. When I apply for the early return of the national land, except with the approval by the Administration's branch office on keeping the related facility and bequeathed by me, the national land will be cleared and returned to the branch office of the Administration within the notified deadline.
6. After making payment for passage, a fee refund is to be processed according to 'Operations Points on National Land Providing Passage Right'.
7. Suppose a new passage way to the inaccessible land is created in the future. In that case, I will be willing to notify the branch office of the Administration

and comply with returning the national land to the branch office of the Administration. I will absolutely not ask for any compensation.

8. If there is a need for public use or action taken according to regulation on the national land in the future, I will be willing to comply with the branch office of the Administration to make changes or transfer ownership without contending or asking for any compensation.
9. If the ownership or right of usage of the inaccessible land is changed resulting in a change in the person with right of passage, I will not use the reason that I am no longer the owner or person of right of usage to apply for fee refund on the paid payment.
