Total								

(Note: In this table, one number corresponds to one land number. If there are insufficient columns in this table, please add the necessary columns for your use.)

### C. Precautions to the applicant :

- (A) This certificate is issued only for the applicant to apply to the Authority-in-charge for a sand and gravel excavation permit and agreeing to carry out exploration, inspection, investigation, and sand and gravel resources evaluation on the national land under consent for planning. The applicant shall not claim other rights.
- (B) This certificate is valid for a period of one (1) year and is void upon expiration. However, if the applicant has reasonable grounds, an extension of six (6) months may be applied before the expiration of the

validity period. Each extension is limited to a six-month period.

- (C) The applicant, upon the approval of the Authority-in-charge of sand and gravel excavation, shall, in accordance with the requirements in the “Disposal Directions for National Non-public Use Land for Sand and Gravel Excavation”, submit relevant documents of evidence, and apply to this Division (Division branch) for the issuance of a “Consent for Using National Non-public Use Land Planned for Stone and Gravel Excavation”, and, upon completion of relevant procedures, is permitted to conduct excavation in accordance with the provisions in the Sand and Gravel Excavation Act.

D. Compliance by the applicant :

The applicant shall comply with relevant requirements set forth in the “Disposal Directions for National Non-public Use Land for Sand and Gravel Excavation” and “Sand and Gravel Excavation Act”.
