Content : Article 1

The Standards are established in accordance with Paragraph2, Article 22 of the Freedom of Government Information Law.

Article 2

The fee-charging for information service are as follows:

1. Creditors apply for inquiry about property tax or income information of debtors shall be charged NT\$250 for each application; when applying for inquiry about income information for more than two fiscal years of the same debtor, the fee shall be assessed separately for each fiscal year.
2. County (city) governments conduct application for purchase of public housing, labor housing, and youth housing, government institutions conduct housing loans for civil servants and teachers, and banks conduct preferential loan to the first-time home buyers, those which inquires that whether the applicants have any owner-occupied houses and other related information shall be charged NT\$100 for each household.
3. If the application for fiscal information requires new software development, the applicant shall be charged NT\$24,000 for each program; if the program requires revision, the applicant shall be charged NT\$4,000 for each program.
4. If the applicant of fiscal information requires using the computer mainframe, the applicant shall be charged NT\$14,000 per hour, the fee is calculated time-based on the actual use, and the administrative fee is added in addition for NT\$800 per hour; time spent less than one hour is counted as one hour.
5. If the applicant of fiscal information requires using the monitoring room of the Fiscal Information Agency, Ministry of Finance, the applicant shall be charged NT\$500 for every four hours, based on each personal computer equipment; time spent less than four hour is counted as four hour.
6. The fee for data processing derived from applying to use the finance sampling database will be NT\$160 for each fiscal year, based on each sample data.

Article 3

When the applicant of fiscal information meets one of the following provisions, the fee shall be waived. However, if the inquiry about fiscal information is requested to be printed, the fee shall be charged NT\$2 for each paper.

1. Institutions, schools and teachers, and academic institutions and research fellows that share and exchange information with the Fiscal Information Agency, Ministry of Finance are in accord with the principle of reciprocity.
2. Assist in conducting the social welfare policy of government pursuant to the law.
3. On the basis of international treaties, agreements and the principle of reciprocity.

Article 4 The Standards shall come in force from the date of promulgation.
