Transportatio n Facilities	Article 2	<ul> <li>I. Railways, highways, (metropolitan) expressways, public rapid transit systems, light-rail transportation systems and intelligent transportation systems where the overall investment (excluding cost of land) amounts to more than NT\$1 billion.</li> <li>II. Transfer hubs that meet any of the following requirements: <ul> <li>(1) The overall investment (excluding cost of land) shall amount to over NT\$500 million.</li> <li>(2) The land area applied for development shall be more than half (0.5) a hectare.</li> <li>(3) The building site shall have more than 6,000 square meters and the total floor area of the building shall be more than 30,000 square meters.</li> <li>III. Airports and affiliated facilities that meet any of the following requirements: <ul> <li>(1) The overall investment (excluding cost of land) shall amount to over NT\$3 billion for the facilities and equipment for the embarkation/debarkation of passengers and cargo as well as facilities in the area where aircraft take off and land.</li> <li>(2) The overall investment (excluding cost of land) shall amount to more than NT\$1 billion for the maintenance garages/docks, fuel supply and storage facilities, waste water treatment facilities, incinerators, facilities for value-added activities of air transportation, facilities for value</li></ul></li></ul></li></ul>
		million.
Common	Article 3	Common conduits with a length of more than 2
Conduits		kilometers or an overall investment (excluding cost of land) of more than NT\$500 million.

Environmental Pollution Prevention Facilities	Article 4	Any of the following environmental pollution prevention facilities: I. Facilities that are built with the participation of the private sector, designated by various levels of environmental protection authorities or by the competent central authorities of the relevant industries, for storage, removal, treatment or reuse of waste, where the overall investment (excluding cost of land) amounts to more than NT\$100 million, as II. Private incinerators that are established pursuant to the Guidelines for Promoting the Construction of Solid Waste Incinerators by Public and Private Institutions and where the overall investment (excluding cost of land) amounts to more than NT\$400 million. III. Sites and affiliated facilities that are established with participation of the private sector under the guidance of all levels of construction competent authorities for storage and disposal of the earthwork left over from construction where the overall investment (excluding cost of land) amounts to more than NT\$100 million or where the daily process volume of earthwork amounts to more than 1,000 cubic meters.
Sewerage Facilities	Article 5	Sewage treatment plants and affiliated facilities where the daily process volume of sewage amounts to more than 10,000 tons.
Water Supply Facilities	Article 6	Water purification plants and affiliated facilities where the daily process volume of water amounts to more than 10,000 tons.
Water Conservancy Facilities	Article 7	Any one of the following water conservancy facilities: I. Water diversion facilities where the daily volume of diversion amounts to more than 100,000 cubic meters II. Water storage facilities where the storage capacity amounts to more than 300,000 cubic meters. III. Seawater desalination plants and affiliated facilities where the daily production volume amounts to more than 2,000 cubic meters, or 200 cubic meters for those on Taiwan's outlying islands. IV. Water reclamation facilities (including reclamation water channel, catchment and reuse of rainwater, recycling and reuse of wastewater and sewage) where the daily volume of supply amounts to more than 2,000 cubic meters. V. Groundwater replenishment facilities where the daily volume of replenishment amounts to more than 10,000 cubic meters. VI. Flood or tide prevention facilities where the area of flood protection or mitigation amounts to more than 1 hectare within non-urban planning zones. VII. Water turbine generators, water generation plants and relevant distribution equipment, transformers and other facilities related to the development of water power where the combined output amounts to more than 2,000 horsepower and where the overall investment (excluding cost of land) amounts to more than NT\$210 million.

Sanitation	Artiala Q	Sanitation and medical facilities that are established and
	Article 8	
And Medical		approved in accordance with relevant laws and meet any
Facilities		of the following requirements:
		I. The location shall be in areas with insufficient sanitation
		and medical resources, as specified by central sanitation
		competent authority.
		II. The land area applied for development shall be more
		than 2 hectares.
		III. The overall investment (excluding cost of land) shall
		amount to more than NT\$500 million.
		Medicament manufacturing factories of sanitation and
		medical facilities mentioned in the Paragraphs above are
		• •
G 11		only applicable to vaccine production facilities.
Social	Article 9	I. Funerary and crematory facilities established and
Welfare		approved in accordance with relevant laws where the
Facilities		overall investment (excluding cost of land) amounts to
		more than NT\$100 million.
		II. Any one of the following social housing :
		(1) The land area for social housing is more than half
		(0.5) a hectare.
		(2) The total floor area of the building calculated based
		on floor area ratio for social housing is more than 5,000
		square meters.
		-
		III. Long-term care service institutions with institutional
		residential services that are established and approved in
		accordance with relevant laws and meet the following
		requirements:
		(1) The overall investment (excluding cost of land) shall
		amount to over NT\$350 million.
		(2) Provide residential long-term care services and have
		more than 100 beds.
		(3) The total floor area of the institution is over 2,700
		square meters, and the allocated area per person shall
		not be less than 27 square meters.
		(4) Provide more than 30% of the beds to economically
		or socially disadvantaged individuals.

		<ul> <li>III. Social education institutions, cultural institutions, education institutions as well as the affiliated facilities where the overall investment (excluding cost of land) amounts to more than NT\$50 million.</li> <li>IV. Reclamation, operation, management, and</li> </ul>

Tourist Attractions And Lodgings	Article 12	Any of the following facilities for Tourist Attractions And Lodgings: I. Facilities established in accordance with Subparagraphs 1, 2 and 4, Paragraph 1, Article 8 of the Act where the overall investment (excluding cost of land) amounts to more than NT\$300 million. II. Facilities located in the remote areas specified central competent authority and established pursuant to Subparagraph 6, Paragraph 1, Article 8 of the Act where the overall investment (excluding cost of land) amounts to more than NT\$300 million. III. Facilities established in accordance with
		Subparagraph 6, Paragraph 1, Article 8 of the Act where the overall investment (excluding cost of land) amounts to more than NT\$1 billion.
Power	Article 13	Power facilities where the overall investment (excluding
Facilities Public Gas	Article 14	cost of land) amounts to more than NT\$2 billion. Public gas and fuel supply facilities where the overall
And Fuel		investment (excluding cost of land) amounts to more than
Supply		NT\$2 billion.
Facilities		
Sports Facilities	Article 15	Any of the following sports facilities: I. Single-purpose sports facilities with a seating capacity of more than 3,000 where the overall investment (excluding cost of land) amounts to more than NT\$250 million. II. Sports and recreation parks where the overall investment (excluding cost of land) amounts to more than NT\$1 billion while the investment for sports facilities
		amounts to more than NT\$300 million.
Parks And Green Spaces	Article 16	Facilities under this Article are not included.
Industrial Facilities	Article 17	<ul> <li>Telecommunication parks that are established pursuant to Subparagraph 6, Paragraph 1, Article 8 of the Act and meet the following requirements:</li> <li>I. The area of development shall be more than 7 hectares.</li> <li>II. The overall investment (excluding cost of land) shall amount to more than NT\$3 billion.</li> <li>III. Telecommunication platform and affiliated facilities with research, development and testing abilities as determined central competent authority</li> </ul>

Commercial Facilities	Article 18	I. Large logistics centers that meet the following requirements:
1 achieves		(1) The land area applied for development shall be more
		than 2 hectares.
		(2) The overall investment (excluding cost of land) shall
		amount to more than NT\$600 million.
		II. International exhibition centers that meet the following requirements:
		(1) The exhibition center shall have a base area of more
		than 3.5 hectares and more than 1,200 standard
		exhibition booths installed.
		(2) The exhibition center shall have more than 1,000
		parking spaces for cars/sedans.
		III. International convention centers that meet the
		following requirements:
		(1) The convention center shall have a base area of more
		than 1.5 hectares, a grand conference hall with a seating capacity of more than 2,000 and more than two
		conference rooms each with a seating capacity of more
		than 800.
		(2) The convention center shall have more than 400
		parking spaces for cars/sedans.
Hi-Tech	Article 19	Facilities under this Article are not included.
